Hi Elizabeth,

Thank you for providing the contact information for Lisa and Eugenia. It should be quite an interesting morning!

I will send you and your colleagues at Outlook reminder for the meeting.

Matthew

Hi Matthew.

Thanks for keeping me in the loop. I appreciate it. Please also send the invite to my colleagues, Eugenia Naranjo (the EPA Project Manager for the Newark Bay Superfund Study) and Lisa Baron of the Corps. Here are their email addresses:

[Naranjo.Eugenia@epa.gov](mailto:Naranjo.Eugenia@epa.gov)

[Lisa.A.Baron@usace.army.mil](mailto:Lisa.A.Baron@usace.army.mil)

Thanks!

Hi Elizabeth,

We are planning a site meeting at the Newark Bay Wetlands on Thursday December 10 at 9 a.m. There will be two people from U.S. Fish & Wildlife, the representative from NFWF (the funder of the project), as well as representatives of the City of Newark and the adjoining property owners (including Conrail). We may also have selected the Engineer by

then, so they may also be in attendance. I would like to invite you to the meeting – or if you think there is someone else from EPA or Army Corps who would also like to join us, please let me know.

Thank you,

Matthew

**Subject:** RE: City of Newark NFWF Project

Elizabeth,

I spoke to my colleague who wrote the grant application that included the reference regarding the meeting with EPA. That information was transmitted to her by engineers that at the time worked for Weston and attended that meeting. As you can see in other parts of the application, Weston was responsible for the initial conceptual design work for the Newark Bay Wetlands project. The engineer has since left Weston. I will attempt to contact him and see if I can learn more information regarding that meeting.

Thank you,

Matthew

Hi Elizabeth,

It was good to speak to you this morning. As discussed, I will find out what details I can about the meeting and let you know. Please provide my contact information to your colleague who is managing the Newark Bay Area.

Thank you,

Matthew
